In response to a growing number of progressive viticulturists, **P&L SPECIALTIES** has designed and built what we feel is the finest **BIODYNAMIC MIXER** available.

Our 60 gallon copper kettle has fully shielded electronics and NEMA 4 enclosed controls. Our mixer has been described by one visionary as "far beyond ordinary". It is capable of several programmable mixing cycles to provide precise control of preparation mixing times. We have specially designed our mixing paddles to create the optimally shaped vortex and desired chaos. The unit

can be powered by a generator and can easily be loaded into the back of a standard pick-up truck.

**BIODYNAMIC MIXER**

**PROVEN DESIGN • HIGHEST QUALITY**

**OPTIMAL VORTEX & CHAOS**

SOLUTIONS • EXPERTISE • QUALITY • SATISFACTION
